### New Plant

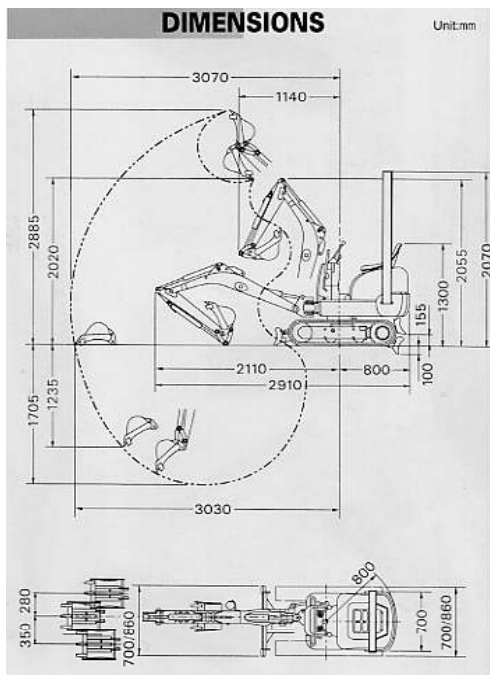

Due to the popularity of the Kubota 0.8 Tonne Mini Excavator - we have invested in another one! With its retractable rubber tracks the 008 can fit through a 725mm gap. This gives the machine access to most back gardens, making it ideal for small builders and landscapers gardeners.

## Bosch Table/Bench Saw

4 Hours	8 Hours	1 Day	2 Days	3 Days	1 Week	W/End
£11.50	£14.50	£20.00	£30.00	£35.00	£40.00	£26.00

Bosch designed the new GTS 10 portable table saw for craftsmen who need to cut wide pieces of wood such as sheets, boards and planks to an exact size, or long pieces of timber to an exact width. This powerful and efficient power tool, with its big base plate and its ability to make a wide range of precision cuts, has an 1800 W motor and an idling speed of 3650 rpm. The GTS 10 can handle whatever is thrown at it in the course of a hard working day. The new saw confirms Bosch's reputation for excellence in woodworking machinery.

8 Hours	1 Day	2 Days	3 Days	1 Week	W/End
£65.25	£90.00	£135.00	£157.50	£180.00	£117.00

## 13hp Stump Grinder

The CAMON C500 is a compact machine designed to level unwanted tree stumps, simply, safely and efficiently. The C500 has the benefit of a reliable Honda petrol engine and a grinding disc that is tipped with durable heavy duty carbide teeth. For the comfort and safety of the operator, the handlebar is easily adjustable whilst four lifting handles make it easy to transport. Large pneumatic wheels also assist in the manouverability of the machine both in moving it into position and also importantly during the machines operation. Due to the way the machine removes stumps it is capable of grinding away any size of stump.
